

SUPPORT

We need your support to help us to provide the much needed specialist equipment and activities for the children and young people with disabilities or life limiting illnesses.

Thank you to all our donors for your kind generosity.

Enquiries are always welcome from any organisation or individual who would like to support our charity or anyone who feels that their child may benefit from our services.

COMMITTED

Everyone deserves a Blessing in Disguise....

Blessing in Disguise Children's Charity is a not-for-profit organisation that enriches the lives of disadvantaged children and young people throughout the UK.

Blessing in Disguise creates a positive focus on enabling freedom to enjoy treasured memories to share with family and loved ones and provides a range of life enhancing experiences helping to improve the quality of life for children and young people with disabilities or life limiting illnesses.

*Blessing  
In Disguise*

We are a socially responsible organisation, providing much needed support to many children, young adults & their families / carers by providing, free of charge, a range of life enhancing equipment, activities and social/ recreational opportunities for the whole family. Through personal experience, we know that it can often be difficult on other family members, who perhaps unfortunately miss out, but we will endeavour to encourage them to achieve positive changes. With the right funding we have the potential to increase the number of vulnerable people that we support each year, providing much needed equipment to more families across the UK and making a significant difference.

We offer a variety of essential equipment, including special needs wheelchairs, prams, walkers, sensory equipment, and communication aids for children and young adults facing life-shortening illnesses, disabilities. Given the significant financial difficulties faced by the NHS, we aim to supply much-needed equipment to families in need.

For instance, the Convaid Cruiser is a lightweight, compact-folding rehabilitation buggy specifically designed for children and young adults with mild to moderate postural requirements. It is perfect for everyday use, featuring a 30-degree fixed tilt, proprietary Self-Tensio seating for enhanced comfort, and a robust, foldable design that caters to active, traveling families. Application forms on our website.

Another instance is the JCM Triton wheelchair this is a highly modular, specialist seating system designed for children and young adults (6 months to 18 years) with mild to complex postural needs. It is used at home or school to provide intense postural support, pressure relief, and stability for individuals with severe extensor patterns. Complex Postural Support: Addresses needs like scoliosis or high-tone spasms with features like a multi-directional sacral pad to control hip rotation. Dynamic Functionality: Features a unique air-pressure-controlled dynamic backrest and footplate that move with the user, helping to manage involuntary movement and prevent triggers. Application form on our website.

What we do...
